Project Nr: 2014-1-RO01-KA203-002961**

The network aims to exchange opinions, support and promote research and consultation that want to engage students and teachers to give consultation and to collaborate in future projects. The partners of the project, as reference organizations in their countries, promoted the network at national level. The network will continue implementing, supporting, promoting, and supporting education and private companies participation after the grant period, and will be a space for communication among involved parties also after the implementation deadline of the project. The exchange among higher education institutions and private companies of different countries fosters the European awareness. After the Project, the network represents a space for communication: an open blog and forum inside the project's website where network members
